

Your solution address in  
your energy investments

Teknik Elektrik firm founded by Ahmet YANAR in Kahramanmaraş in 1955, is also the first electricity company in Kahramanmaraş.

## ABOUT US

EPM Elektrik was founded in 1999 by the second generation Mustafa YANAR, with the business experience of three generations of family tradition over 65 years, then the third generation Elk. Eng. Ahmet YANAR continues on his way by establishing EPM Energy in Istanbul and providing you with Projecting, Engineering, Consulting, Industrial Energy, HEPP, SPP, Automation, Scada, Electromechanical and Electrification services in the energy sector, which is a strategic sector in the development of the country.

As EPM, we have completed more than 70 projects, over 1 million square meters, and electricity contracting works that can meet the electrical power of a medium-sized city or above 270 MVA. All our projects brought to life until today have brought new references, not complaints.

Our mission is to complete all the projects we have undertaken on time with the highest quality that can reach international standards, with an optimum price that reflects our quality, without defects and customer-oriented.

EPM has undertaken the construction of electromechanical and electrification works of various industrial establishments in Turkey and abroad in a short period of time in its sector. Bursa, Adana, Kahramanmaraş, Malatya, Sivas, Adıyaman, Erzurum, Erzincan are among the provinces where EPM Company performs the electrification of industrial facilities on a turnkey basis.

The company's operations abroad are also noteworthy: Uzbekistan and Azerbaijan are also among the countries where EPM does business. The Ring Yarn and Open End Yarn facility in these countries carried out the electrification of Çiğit Yağ (Pamuk Yağ) and Open End Yarn factory facilities of MKT Cotton, one of the reputable companies of the country, in Azerbaijan.

EPM Company, which is the solution customer of Siemens, one of the respected companies of the sector, in its domestic and international commitments, uses Siemens' Medium Voltage and Switchgear materials in its works. Hydroelectric Power Plants, SPP, Heavy Industry, Glass, Oil Factories, Yarn in Textile, Weaving, Dyehouse, Denim, Fabric Knitting, Apparel can be counted among the works completed as a result of this synergy.

**Ahmet YANAR**  
General Manager

## OUR OFFICE

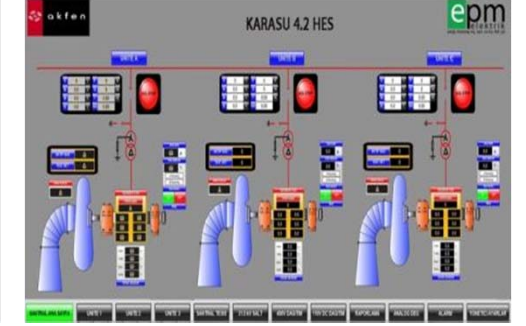

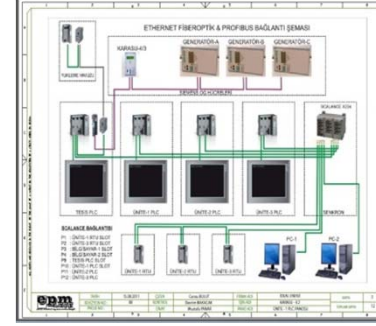

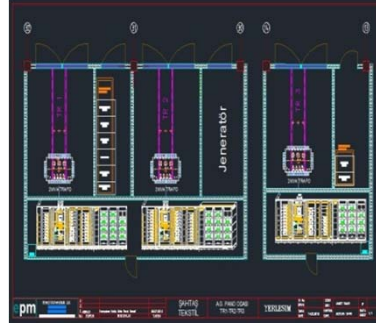

Your Solution Address in Your Energy Investments with Experience from 1955 to Today

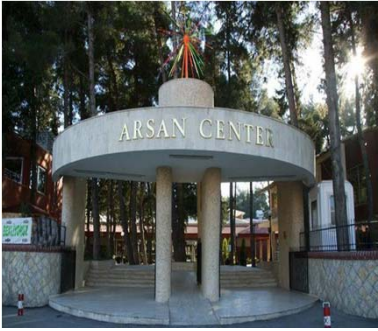

## Our Activity Areas

- Electromechanic
- Industrial Energy
- Engineering and Consulting
- Automation and Scada
- Projecting
- Renewable Energy

### *Arsan Center From our References*

- Auditorium
- Cinema
- Hotel \* \* \* \*
- Wedding hall
- Swimming Pool, Sauna, Finnish Bath, Fitness, SPA
- Restaurant

All Projects performed by us up to now Brought us new references, without any complaints.

## Installed 4.000Amp. Form 2b Main Distribution Panels

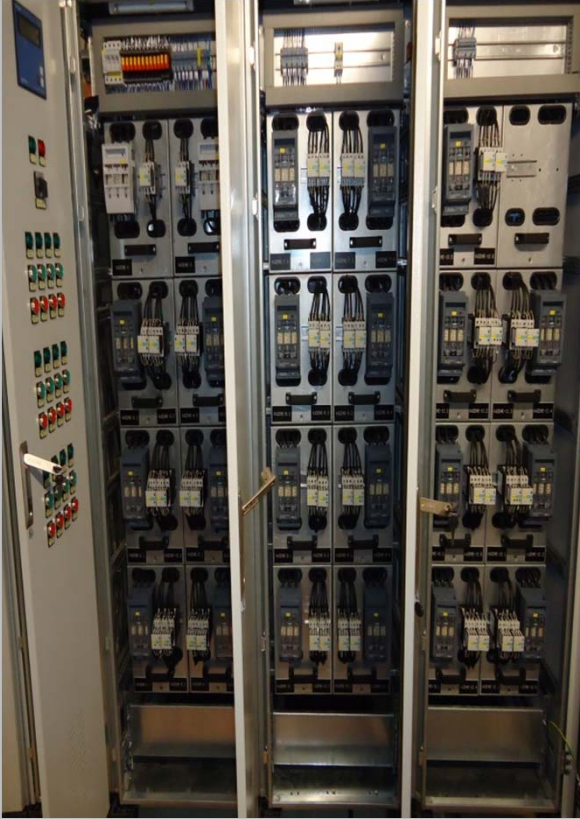

*Installed 4.000Amp. Form 2b Main Distribution Panels*

*All Projects performed by us up to now Brought us new references, without any complaints.*

*Drawers Compeneztion Panel for the First Time Şahtaş Applied Textile in Turkey.*

Let Your Factories Live Perfection in our electrification applications.

*Our Commissioned 400V Low Voltage Panels.*

Let Your Factories Live Perfection in our electrification applications.

*Our Commissioned 400V Low Voltage Panels.*

Let Your Factories Live Perfection in our electrification applications.

*Images of Industrial Factories We Have Completed All Electrification*

Let Your Factories Live Perfection in our electrification applications.

## *Hydroelectric Power Plant Electromechanical Assembly Manufacturing*

*65 Years of Experience in Our Contracting Services*

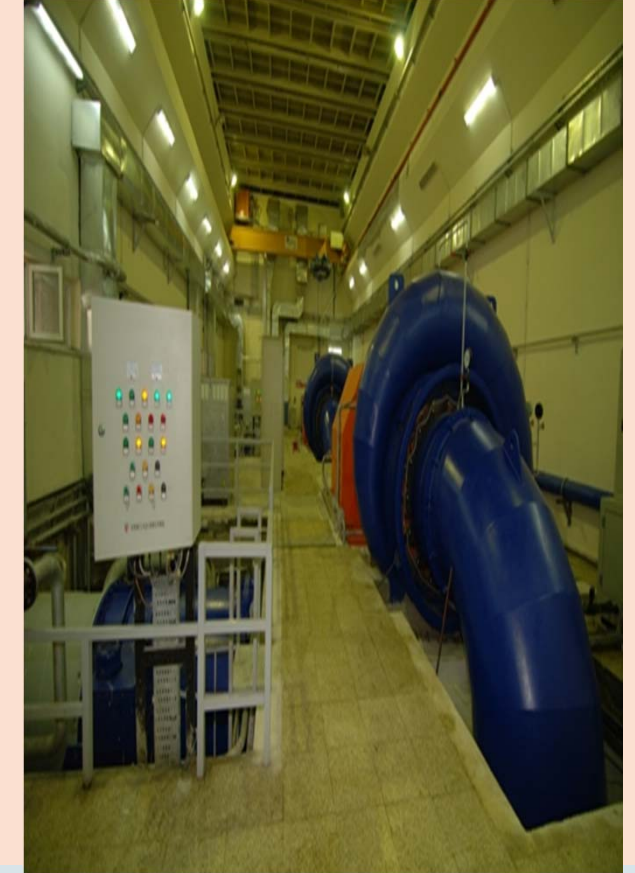

*Hydroelectric Power Plant Electromechanical Assembly Manufacturing*

*65 Years of Experience in Our Contracting Services*

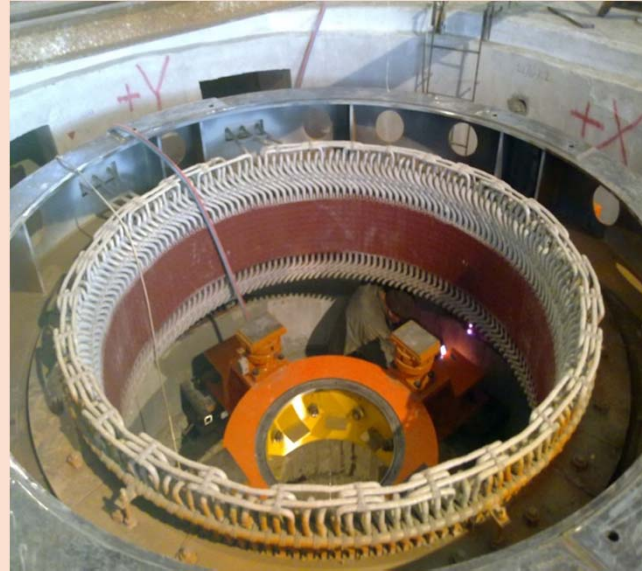

## Hydroelectric Power Plant Electromechanical Assembly Manufacturing

65 Years of Experience in Our Contracting Services

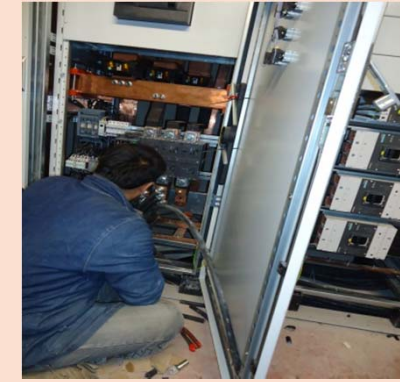

## *Hydroelectric Power Plant Electromechanical Assembly Manufacturing*

*65 Years of Experience in Our Contracting Services*

## *Electromontage Applications in Industrial Factories*

*We have completed the Electrification Works of 1 million m<sup>2</sup> of Closed Area Industrial Facilities.*

*Our HEPP Projects, Automation, SCADA and Synchronization Commissioning Works.*

We have carried out electricity contracting works over 270 MVA that can meet the electrical power of a medium-sized city.

## Commissioning Works Completed Siemens 36kV Medium Voltage Panels

We have carried out electricity contracting works over 270 MVA that can meet the electrical power of a medium-sized city.

We have carried out electricity contracting works over 270 MVA that can meet the electrical power of a medium-sized city.

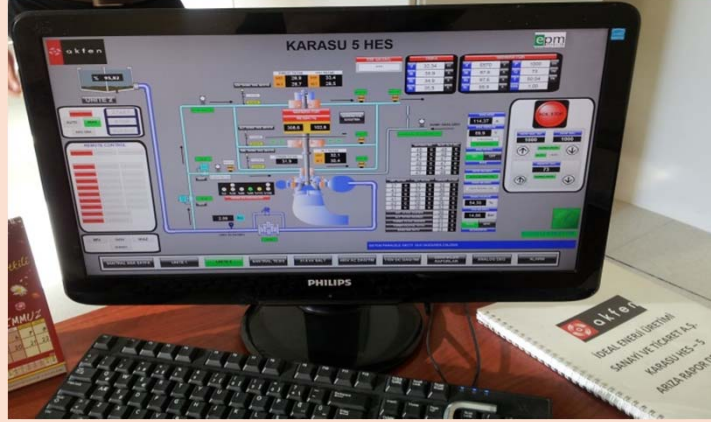

## Assembly Stage Automation and SCADA Panels.
